FAQ'S

HOW MUCH CONFETTI DO I NEED?

LITRES	HANDFULS	CONES
1	10	15
2	20	30
3	30	45
4	40	60
5	50	75

*We use 1 Litre to fill 15 of our medium sized bamboo cones or alternatively 1 Litre will fill 10 of our individual sachets/bags.

We recommend using a minimum of 3 Litres of throwing confetti to get a good confetti photo, of course the more the merrier. As for Table Decorations, 1 Litre of petals will lightly scatter over approx. 2 -3 tables (depending on the shape & size of the table.)

For example, a wedding of around 100 guests we recommend between 7-10 Litres of confetti. This is enough for 75-100 people, why not get all your guests to throw to get that full iconic confetti shot?

WHEN TO ORDER MY CONFETTI?

You can order as far in advance as you'd like, please note that our petals will keep for 12 months, after that the colour may begin to fade. If your wedding is over 3 months away, you can order as normal, we will ask for your wedding date and we will dispatch your order 6-8 weeks prior to your wedding day.

If your wedding is under 3 months, we recommend that we dispatch your order straight away.

For last minute orders, we also offer express delivery service so there's no need to worry.

HOW TO CARE FOR MY CONFETTI?

Petals are very easy to store, simply leave in a cool, dry place out of direct sunlight and away from moisture as the light can fade your petals and humidity allows the petals to biodegrade.

We pack all our petals tightly to keep them safe during transit so we recommend emptying your petals into a large bowl and 'fluffing them up' before use.

SHIPPING?

We Ship Australia Wide.

Pre-orders will be shipped 6-8 weeks prior to your wedding date.
