# WEDDING THEMES

Luxe wedding suit is when luxury meets style. Your suit color palette should complement the wedding theme.

What colors of suit to *choose* for your Luxe Wedding?

A classic custom-tailored tuxedo is a perfect match to your Luxe Wedding. A timeless outfit, exuding elegance and style, will never fail to impress.

Black defines luxury and a jacquard black fabric takes it to another level of luxury.

Modify your classic tux by adding a contrast trim on the lapel instead of the full satin.

Classic colors for your classic wedding suit?

There is nothing more versatile than a three piece wedding suit. On a warm day, if you decide to ditch the jacket, your vest will keep you looking sharp and on a winter day, it will provide the warmth you need with your classic suit which can later double up as a business suit.

Looking for a timeless style?  
A four button vest is always an all time classic which can never go wrong.

Add your personal flare to otherwise a classic suit by choosing a double breasted vest.

If you want your vest to make a statement, then customise it by adding lapels.

A scoop neck vest with tuxedo is a match made in heaven.

Country weddings are all about rustic charm, which should come across in the wedding suit's color palette.

A two-buttons tweed suit in earthy tones is the perfect foil for your country wedding.

Want to take your tweed game a level up? Seal the deal with a tweed vest in matching or contrasting color.

A crisp white shirt with French cuffs made in Egyptian cotton fabric, perfectly tailored to your body.

Complete the look with customized accessories that will add more character to old world charm of your ensemble.
