

The 3-Step Guide to Getting Married – *Simply!*

As you've heard, getting married in Australia *can be* expensive, slow and painful.

Perhaps you are like a lot of couples, who can't be bothered with all that?

- Do you want to wait months to be married? No!
- Do you want to pay up to \$1000 to be legally married? No!
- Do you want a lot of stress and bother? No!

At Simple Weddings, we understand

Each year we perform hundreds of brief, legal weddings for couples just like you.

We offer a range of locations and dates across Australia to make the whole process as easy, low-cost and pain-free as possible.

Having a Simple Wedding is quite pleasant, of course!

It's a bit like getting married at the Registry Office.

What's different, is this

We charge the lowest price in Australia (\$247)* and we make the whole process easier.

And despite the legal minimum of one-month delay between getting started and your wedding day, you can usually get married in EXACTLY one month. *(Or if not, just a few days more).***

Result?

You are legally married.

Is Simple Weddings the lowest-cost, easiest and promptest wedding service in Australia?

Yes!

*A Registry Office wedding ranges from \$330-\$550).

** (Other service providers will keep you waiting two, three or even more months).

***If you don't have all the ID documents just now, it does not stop you from booking a wedding with us. You'll simply have to provide them at some stage between now, and the wedding day. If you get stuck or need help, you can always phone us, we are here to help.

That's why hundreds of couples use our service each year. Here's how to go about it:

Step 1 - Choose a location

Simple Weddings offers 4 convenient locations where you can get married.

Brisbane, Surfers Paradise, Melbourne and Adelaide.

- In Brisbane, you can marry on a Tuesday for just \$247
- In Surfers Paradise, Melbourne or Adelaide, you can marry on a Wednesday for just \$247

As you would understand, the soonest dates available are just one month (or one month plus a few days), from today. That's because of the government requirement to sign a "Notice of Intended Marriage" form, at least one month prior to your wedding day. Naturally we will provide you with that form, as you complete your booking online.

Step 2 – Choose a date and time

Simply choose one of the available times and then, follow the prompts to book in. Easy!

Brisbane: www.simpleweddings.com.au/brisbane
Surfers Paradise: www.simpleweddings.com.au/surfersparadise
Melbourne: www.simpleweddings.com.au/melbourne
Adelaide: www.simpleweddings.com.au/adelaide

Payment is required at time of booking and is done through Paypal, Visa or Mastercard, whichever is best for you.

Step 3 – Complete the Legal Paperwork requirements

This part is easier than you'd think, thankfully.

Once you've booked, we'll ask you for details about your wedding, (ie) Your name. Your partner's name. Etc.

*A Registry Office wedding ranges from \$330-\$550).

** (Other service providers will keep you waiting two, three or even more months).

***If you don't have all the ID documents just now, it does not stop you from booking a wedding with us. You'll simply have to provide them at some stage between now, and the wedding day. If you get stuck or need help, you can always phone us, we are here to help.

Each of you will also need some ID documents.**

Ideally, a Passport.

But if not, then a Birth Certificate PLUS photo ID, such as Driver's Licence.

We'll then provide that special form "Notice of Intended Marriage (NOIM)" already filled out, ready for you to print and sign.

Next, simply print out the NOIM and sign it in front of a JP, a Doctor or a Police Officer. Then, email back to us!

NB: You must have send us a signed and witnessed NOIM form at least one month before your wedding date.

That's it!

Those are the 3 steps to getting legally married – simply

After this, you simply arrive on your booked date and time to get married.

(You must bring two adults with you who can be your witnesses. Any two adults will do. We cannot provide witnesses.)

You're welcome to bring a few guests as well, of course! (However at each venue there is an upper limit of 10 people in the room).

As you can now see, getting married can be easy.
