What are your prices and packages?

Classic Package and Bespoke Package include

- me writing and learning your Love story and delivering it as a storyteller, not reading it from the script, with my head down. Head to my YouTube for guests' comments on the wedding I recently delivered, youtube.com/@Gabi_BeeTogetherCelebrant
- I also write to include fun ways to create audience participation. These details are revealed when you book me and we have the planning meeting.
- Standard inclusions: meeting, rehearsal, personalised vow cards, PA system, unlimited communications.
- Bespoke is the Classic Package but with 3 extras. What those extra are depends on you?

Micro/Elolements Package is the Classic Package without the rehearsal, PA system and with a shorten love story but the same planning meeting time.

- Perfect for a wedding under 30 people.

Paperwork Only/DIY is the no fuss wedding. I offer the option for people to write their own ceremony and I come in to perform the legal sections.

- Perfect for couples looking for a no fuss ceremony.

Rarely do people ask me this next question, so I'm here to help by offering it:

What value do we receive?

You receive a Celebrant who writes and delivers your Love story as a storyteller AND in a way that reflects you as a couple, not someone reading from a script. I am voiced trained and a highly experienced public speaker with a flair for writing. If you wish, I provide ways to make it fun for your guests with audience participation.

I don't delivery the script until you are 100% happy with it. Not all Celebrants share the script. You are the paying client and its your wedding, I think of course you must see the script and have a say in it. My aim is to ensure you have the ceremony you want. I give you lots of options in your script. Each script is written especially for the couple. If you wish, I offer loads of tips for overall wedding savings and tips.

CLASSIC WEDDING

Standard package

Legal Paperwork

- I handle all the legal paper work, including \$65 application fee for your official Marriage Certificate. I make it a stress free process and have incredible attention to detail in these matters.

Initial Meeting

- We meet to start the process, complete the first form - Notice of Intended Marriage and I outline the full process. Great time to learn more of your plans for the style of ceremony you want. We start the Get To Know You Questionnaire and the Logistic Questionnaire. All documents are organised in a Google shared folder.

Order of Service

- I craft a ceremony script to reflect you as a couple. I provide lots of options and suggestions. I aim to not only meet but exceed your expectations, providing you with exceptional value for your special day.

Ceremony

- Me delivering your Ceremony with professionalism. I write and deliver an amazing Love Story and dress to suit the vibe.

Planning Meeting

- Allow 1-2 hours to plan the ceremony. This is the exciting part.

PA system

- To ensure seamless audio, I provide a fully portable MiPro PA system, ensuring every word is heard clearly during your special moments. I use the head mic and you use the hand mics for smooth transitions.

Rehearsal

- Up to 45 min rehearsal preferably at the venue. This is ideal. I like to avoid telling the couple where to stand on the day. I bring my PA system so you practice with mic for your vows.

Travel

- Up to 50 kms. Arrive at your venue in plenty of time before the start 30-40 minutes to set up. I check in with the venue coordinator, photographer, groom and your witnesses. Mingle with guests.

Communication

- is key, and that's why I provide unlimited emails, texts, and calls, so you can reach out whenever you need guidance or have questions.

Beeswax Dinner Candles

- As a special touch, I include a complimentary box of beeswax candles, adding a warm and inviting atmosphere for your at-home-dinner-date nights.

BeeTogether Celebrant **BESPOKE WEDDING**

Loaded with extras

I provide all the listed items in the Classic Package which covers:

Legal Paperwork, Initial Meeting, Order of Service/script, delivery of the Ceremony, Planning Meeting, PA system, Rehearsal, Travel, Communication, and Beeswax Dinner Candles.

If you are looking for ways to truly customise your wedding, my Bespoke Package offers 3 extra goodies to help couples who are looking to stand out from other weddings.

These extras will depend on you. They could be:

- Personalise Vows Writing Kit and Vows printed on special personalised cards.
- Public speaking and coaching in delivering your vows.
- Extra rituals: you already have the Ring Exchange as a ritual. There are other you may wish to consider. Such as Hand fasting, Unity candle, Sand Ceremony, Tree Planting and loads more.
- Reading(s) of favourite poem, passage or story.
- Choreograph an extra special Processional/Entrance.
- Performances.
- Designing signage eg: welcome sign.
- Resources: I provide you with access to an extensive array of resources to help tailor the ceremony with memorable and meaningful touches.

The extras involve additional time and skill in planning, scripting, and rehearsal.

And did I mention. I don't use Chat GPT. I tried it once and it was awful - full of adjectives and sickly sweet hyperbole. Plus it took away my enjoyment in writing.

A note for all couples: if your wedding vendor does not offer a rehearsal time onsite, we can meet elsewhere or I can walk you through the ceremony online. I've got you covered on this front. On the day I see the Groom before the ceremony and we do a quick run through, ready to gently guide their partner.
