

Weddings

Your wedding day is something you have envisaged for a long time. Just imagine, the buzz and excitement, knowing that you are about to be united with your loved one. Two hearts joining as one. So much has brought you here to this moment.

I am there, waiting to greet you as you make your entrance. Family and friends are all here to witness the first moments of your married life.

We work together to create that magical moment in time. I take great pride in my ceremonies, and leave nothing to chance. My couples are totally relaxed, knowing that I have taken care of even the smallest detail. Working in harmony with my clients is what I do best.

Weddings are by far the most favourite service I provide. It is my role as a Celebrant, to ensure your ceremony runs smoothly and stress free.

Together we can create the wedding of your dreams and as no two couples are the same, I take pride in personalising your ceremony and celebrating your unique story.

By engaging in my services, you will be comforted to know that all of your legal requirements are met, before, during and after the service.

Renewal of Vows

A Renewal of Vows Ceremony is a perfect way for a couple to express how they feel about their relationship now, years after their wedding ceremony.

This ceremony is often held as part of a significant wedding anniversary celebration; amongst devoted family and friends who have supported you throughout your marriage.

Couples who choose to have an intimate wedding (such as an elopement) or who have married overseas may want to have a Renewal of Vows Ceremony with those who were unable to join them

Couples who have had a separation may also want to demonstrate their renewed commitment with a Renewal of Vows Ceremony.

About Me

Choosing a Celebrant for your special day is a big decision. I love what I do and what I can bring to your ceremony. I have a wicked sense of humor which reflects the ceremonies I write.

You will find me approachable, understanding, encouraging and always ready to listen to all of your ideas. I will offer many suggestions to make the magic happen.

Naming Ceremony

A naming ceremony is a beautiful way to formally welcome a child or children into the family and your community of friends and other special people in your life.

Many parents in our modern society are choosing to have a naming ceremony for their baby/child rather than a religious christening or baptism, as it allows the child to choose their own beliefs and values when they are older.

I encourage participation of family members and special people in your lives during the ceremony.

A personalised certificate and presentation copy of the service will be provided as a keepsake.
