EMMA HOMEWOOD CIVIL CELEBRANT

## Wedding Reception Master of Ceremonies

This is one of those jobs that can be a wonderful honor for one of your guests to fulfil, however it can also be very daunting! In the case that you wish for all of your guests to simply relax and enjoy the festivities of your wedding reception without the added pressure of being the host throughout the night, I've got your back. Everyone can just relax, kick up their heels, and have that extra wine (or five!)

There can also be a lot of moving parts to a wedding reception, it's not just about the talking that happens over the mic but it's also handy to have someone who can communicate effectively with the hospitality team. We want to ensure the evening goes as seamlessly as possible, that mains are called away with the kitchen at the right time so that you don't have food going cold on the pass while a speech is wrapping up, or even possibly having to reshuffle a few of the speeches in the case of unforeseen circumstances - such as the father of the bride getting a little caught up in the moment with his speech running over by 20 minutes because although he promised he would keep it to 5 minutes, he just had so much to say of his adoring family! In any case, I'm also always happy to jump in and wrap it up if you give me the signal to.

- We'll meet by Zoom or Facetime to get to know each other so that I can gauge exactly what is most important to you on your wedding day, who you would like to include and the tone you would like to set for your reception. We will discuss who will be delivering speeches, in what order, and how long they plan to take in their delivery. We will also discuss any fun games you wish to include
- In the case that I'm not also your wedding celebrant, I may request your wedding ceremony script to give me a little further information and background on the two of you.
- I will forward you a questionnaire in order to get some inside info on you, your bridal party, and any other guests you would like to highlight during the evening. I may also ask for the contact details of your Best Man & Maid of Honor in case they have anything to add in preparation for the night.
- I will request the 'Run Sheet' or 'Event Order' from your venue so that I can structure the evening appropriately around their timings.
- I will arrive at your venue at least one hour prior to reception in order to introduce myself to the hospitality team, familiarise myself with the spaces and go over any housekeeping items that will need to be addressed (such as location of bathrooms, emergency exits & smoking areas etc)
- I will welcome your guests as they arrive, I will usher and assist them in finding their seats.
- I will host the evening of a script tailored specifically to you, as well as coordinating key events of the evening such as the cake cutting, champagne tower, first dance etc
- I will bring my Bose PA system which has Bluetooth & wireless microphone in the case that it's required (every venue & setup is different)
- Travel fees may apply if the venue is outside of the Noosa area.
