about tde

who we are

TD Events are Victoria's premier photographic services solution! We are passionate about crafting unforgettable moments through our unique blend of photo booth and photography services.

At TD Events, we don't just capture images; we create experiences. From festivals and corporate events, to private parties and brand activations, we thrive on the opportunity to create lasting memories for our clients and their guests.

about tde

who we are

Having started small in 2021, we have now had the privilege of being a part of hundreds of events throughout Melbourne and Victoria!

Our intimate team allows us to maintain a close connection with our clients. From private gatherings to large-scale events, this small team approach ensures attention to detail, flexibility, and a personal touch that we believe sets us apart.

We believe that every event is unique, and we approach each project with genuine enthusiasm, creativity and professionalism.

Shari W.

I hired TD Events for a large scale event (over 200 guests) and had people lining up all night to use the booth! Tom was so friendly and made sure everyone was having fun. The quality of the photos are amazing and we even had copies of them sent the very next day! Would definitely use TD events for our next event!

Jody K.

Tom at TD events was amazing from the moment I spoke with him (3 days before the event - so last minute!) to the end of the event. I could not recommend his service, company or pricing more. TD events were professional and accommodating to all of my requests. Thanks Tom, we will be using your company for all of our events in the future.

Contemporary Catering

We used TD Events for our company's Christmas function this year, and Tom was absolutely amazing. He was extremely friendly and kept our guests engaged and entertained. His photos turned out brilliant, with a great balance of candid and staged photos. All our employees were very impressed, and we will definitely be using TD Events in the future!

services

event photography

Whether you're looking to capture a birthday, baptism or bah mitzvah, our comprehensive event photography will ensure every finer detail of your event is snapped. We pride ourselves on our attention to detail and like to think that when it comes to events, too much is never enough. Every interaction presents an opportunity to capture the magic, and you can rest assured that no one works harder to capture the moment than us.

We strive to capture a diverse range of image styles at every event, from detailed shots of décor and posed group photos to candid interactions. When possible, we adopt a discreet, "fly on the wall" approach for candid images, ensuring your guests can interact naturally without a camera intruding on their moments. We have received tremendous feedback on this aspect of our service, believing it to be the best approach for allowing guests to be themselves with minimal interruptions.

services

event photography

pricing

Our standard event base rates start at **\$150** per hour with a minimum call out charge of **\$200** per event/shoot. All of our event photography is **inclusive** of editing and post processing and is delivered in the form of an easily accessible and shareable event gallery.

Quotes may vary depending on the following factors:

- expected editing and refinement time
- travel
- specialised equipment hire (including lighting)
- format and delivery of images
- sundry expenses

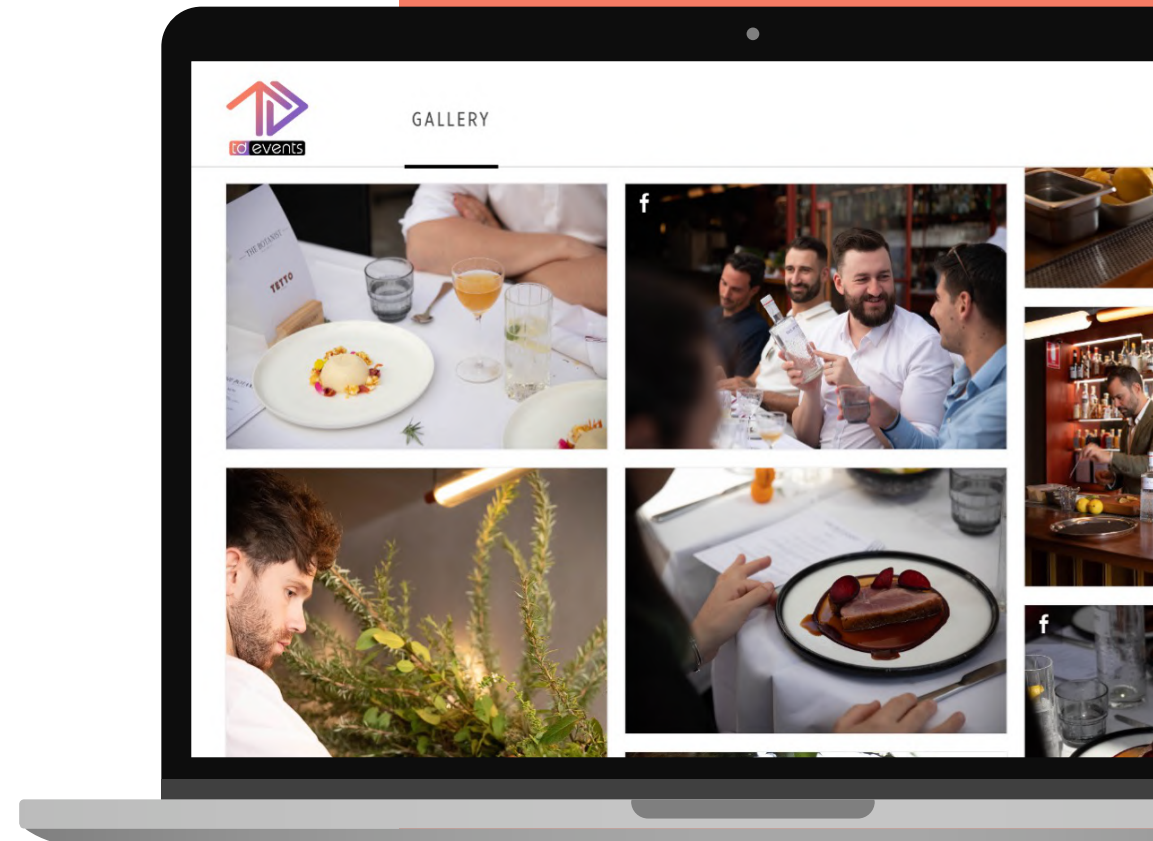

services

event photography

All standard roaming event photography will include the following:

- ✓ 75+ images per hour (on average)
- ✓ personalised shareable event gallery (hosted for 6+ months)
- ✓ high-definition images of less than 4mb per image
- ✓ additional web sized image sizes
- ✓ post processing / editing / image refinement on all images
- ✓ event gallery available within 7 days (10 days during peak periods)
- ✓ no copyright protection
- ✓ no watermarks

services

event photography

client journey

1. snap

TD Events will capture your event.

Setup is minimal in most cases, so we will generally arrive 15 minutes before the arranged shoot time

2. refine

Post event, we will narrow down, process and edit the results.

Longer shoots can take more time to refine and edit.

3. send

You will be sent a shareable link to your own personalised event gallery.

This gallery will be online for a minimum of 6 months and can facilitate a range of actions.

While we endeavor to complete this process within 7 days, this can take up to 10 days during peak periods.

services

event photography

popular shoots / portfolio

[Click here](#) to see a comprehensive gallery from a selection of past events. Some of our favourite and most popular shoots consist of:

- styled content and venue
- bridal shower / baby shower
- parties and private functions
- birthdays & engagements
- corporate functions / networking events
- EOY / EOFY
- interior / real estate
- event activation

open photo booth

services

open photo booth

Streamlined, elegant, versatile and modern are just a few ways in which our open photo booths have been described. While our booth might look pretty, it's what's on the inside that counts!

Our open-air photo booths have been purpose built for fun! With instantly shareable branded content, animated overlays, digital props, photo filters and much more, the customisation we offer can't be matched. Now more than ever, our clients have the ability to build their own bespoke photo experience.

Choose from three unique packages: the **Bespoke Open Booth**, which offers full customization to fit any event; the **Bare Bones Open Booth**, providing a streamlined and cost-effective solution; and the **AI Booth**, featuring cutting-edge technology for an interactive and engaging experience.

services

open photo booth

guest journey

1. snap

Attendees will take their photo, gif or boomerang at the photo booth.

2. send

Guests can instantly send content to themselves via sms, email or airdrop.

3. share

Media can then be downloaded and shared to social media instantly.

services

open photo booth:

bespoke open booth

Say hi to our original, customisable bespoke photo booth experience. Crafted with exquisite attention to detail, this photo booth journey is more than just a camera—it's a tailor-made, immersive journey into the heart of your event.

From overlay branding to photo filter customisation and even digital delivery options, every element is tailored to match your theme and event's personality. Our state-of-the-art technology ensures stunning image quality delivered at a speed that can't be matched.

Whether it's a wedding, corporate event, or birthday bash, our Bespoke Open Booth promises laughter, joy, and timeless keepsakes for you and your guests to treasure forever.

bespoke open booth

DSLR camera upgrade for \$75

After some bokeh? Why not swap out the iPad camera for something a bit higher end? Enhance your Photo Booth experience by opting for a DSLR upgrade.

A DSLR provides professional-grade photos with exceptional clarity, depth, and detail, ideal for high-resolution prints and digital keepsakes. Its superior low-light performance and advanced focus capabilities ensure well-lit, clear images even in challenging conditions.

This upgrade delivers a professional and polished look, making it the ideal choice for capturing and preserving the best moments of your event.

services

open photo booth:

bespoke open booth

physical props for \$50

Wigs, hats, glasses, you name it! Why not add a random collection of fun physical props to your booking?

services

open photo booth:

bespoke open booth

live gallery / slideshow for \$125

This feature allows the event gallery to be seen in real time on a projector or tv at the venue. After an image is taken on the photo booth, it will be sent to the live gallery which will randomly display images/gifs taken at the event. The slideshow layout can be customised to include any amount images at the one time. Captured content will alternate through the gallery in real time.

The venue will need to have a projector, screen or television set up in order to utilise this feature. Please let us know if you would like us to organise this for you.

services

open photo booth:

bespoke open booth

physical backdrop for \$75

Have a certain style in mind? Why not add a Physical Backdrop to your booking. We have numerous styles available and a few of these can be found below. These backdrops require at least 2.5 x 2.5 meters of space.

services

open photo booth:

bespoke open booth

digital backdrop for \$125

Step into a world of limitless possibilities with our new Digital Background feature. All the bells and whistles of your classic green screen experience, without the actual green screen. Let your imagination run wild as you transport yourself to any destination, era, or fantasy backdrop of your choosing. After an image is taken, the people in frame will be isolated and a custom background image will be superimposed. If multiple backgrounds are supplied, then guests can choose between them.

Larger groups, physical props, internet reception and inconsistent lighting can also compromise the effectiveness and consistency of this feature.

services

open photo booth:

bespoke open booth

data capture / event survey for \$100

Data capture introduces a short form to the user journey which can be an optional or compulsory step in the process. Emails, numbers, postcodes or any other data fields can be captured.

While this is mainly used for marketing lists, it can be implemented in fun and interactive ways. For example, scores may be captured or even competition entries.

services

open photo booth: bespoke open booth

online guest gallery for \$125

The Online Guest Gallery is a webpage your guests will be directed to in order to download and share their media, as well as view all other content taken during the event.

While the *Online Client Gallery* is already a key feature of our packages and can be shared to guests after the event, this guest specific gallery can be accessed instantly by event guests and is completely brandable by the client (header/footer, colours, style, hyperlinks and more).

Like the *Online Client Gallery*, this will be hosted for a minimum of 6 months so that event guests can go back to view or download the event content whenever they like.

services

open photo booth:

bespoke open booth

sharing station for \$150

The sharing station is an additional isolated kiosk in which event guests can access the event gallery themselves, and subsequently share whichever media they like to their phone or email.

Sharing is of course, a key feature of the photo booth, however this add on is primarily useful when a large volume of people are expected at the event. The inclusion of the sharing station can free up the photo booth and get the line moving through quicker, or merely transfer the process to another area of the event.

services

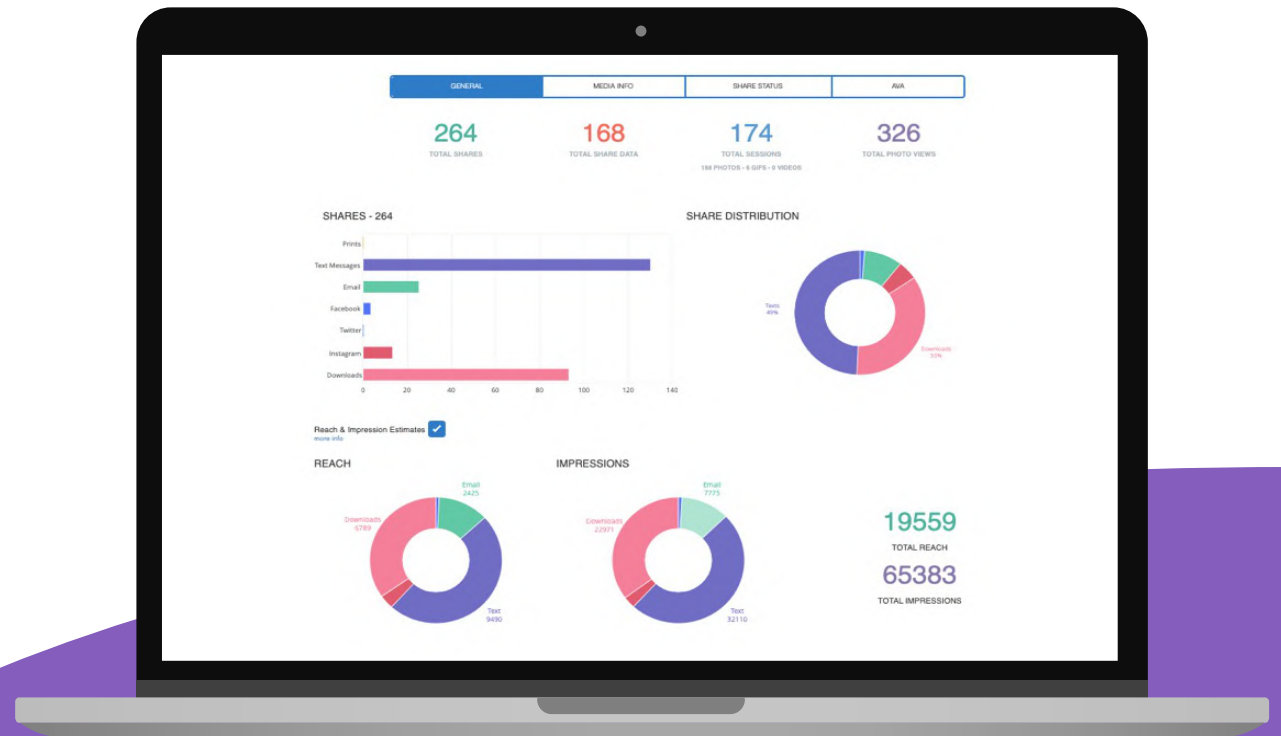

open photo booth:

bespoke open booth

event analytics report for \$100

After the event has concluded, it is possible to receive a report in which will give an overview of the metrics from the event. Some of the insights included are total downloads, most viewed images, shares to social media, etc.

The system uses a facial recognition neural network to extract additional analytics from all images that are uploaded. We can determine how many of the guests at the event are male vs female and also give you approximate age ranges. It will also tell you the total number of faces detected at the event, as well as the average number of faces detected per photo.

services

open photo booth:

bare bones open booth

Our Bare Bones Digital Photo Booth is the perfect way to capture all the memories without breaking the bank! Packed with all the essential features such as digital filters, digital props, and instant sharing, our bare bones booth doesn't skimp on the fun.

With user-friendly controls, the bare bones booth is designed to be dropped off and left to run autonomously. Don't compromise on quality - our Digital Photo Booth delivers smiles and memories without the hefty price tag.

Our team member will bump in and set up the photo booth before your event is scheduled to begin. They will then leave the booth to be operated by the host and guests throughout the duration of the event. Once the event has concluded we will simply come back to pack down and collect the equipment. That's all there is to it!
