## / MY STORY

Firstly I am a mum to my beautiful 6 year old son.. and wife to my working husband.

Starting out my cake business was really by accident. I worked for many years as a project manager in the finance industry but during my maternity leave I re-ignited my passion for food and baking. Starting out small at home, my business quickly grew (with my first wedding cake featured in Complete Wedding Sydney and Cosmopolitan Brides) and I opened my first cake shop in Gladesville, Sydney in 2015.

My business grew to be a highly regarded wedding and celebration cake business and we employed 7 staff and created close to 1000 cakes a year. We serviced many of Sydney's premier wedding venues and were featured in various wedding publications and media including the front cover of Modern Wedding Magazine, featured shoots with Vera Wang and a stint on Channel 7's Morning Show.

Due to my father's cancer diagnosis in 2017 my family moved back to be with my parents in Brisbane in late 2017. Family is very important to me, and after taking some quality time I just couldn't keep away from creating cake and so "Cake by Susanne" was born. We are a specialist cake only business working from our private studio in North Lakes creating custom naked, buttercream and fondant cakes.

All our cakes are lovingly baked fresh each week using premium ingredients. We decorate all our cakes fresh on the day and take no more than 5 orders a week ensuring we create beautiful custom cakes just for you.
