

# the FIZZ FELLAS

## the STORY

Like all good ideas, this one was born over a drink. We're three mates, Nick, Ed and Ted, from three different backgrounds, all with an insatiable thirst for good wine and a memorable time.

We wanted to share this thirst with others, so we bought a three-wheeled van and a few barrels of Prosecco. Pop, Fizz, Clink and The Fellas were born.

We've got a team of talented, friendly and professional fellas intent on giving you a couple of glasses of good wine and a few memories you'll never forget.

## the VANS

Just like the Prosecco they pour, our vans made the trip all the way from Italy before being converted into fully functional, mobile bars. Each van is fitted with a patented cooling system and tap dispenser, allowing us to serve up a chilled, bubbly and ultimately crisp glass of Prosecco.

The vans themselves are small, agile and charmingly elegant, ideal for weddings, private functions, corporate events, festivals and any occasion you're looking to turn a few heads.

We pour the deliciously-chilled, Italian-style Tramonti Prosecco, which offers a crisp, refreshing texture accompanied with a light fizz. Your thirst won't stop there. See we also have the ability to pour an Aperol Spritz or Espresso Martini in our repertoire. Our Spritz recipe is consistently delicious and chilled on the pour, while our Pablo & Rusty coffee based, creamy Espresso Martini is second to none.
