About Emma Lilly.

Styling & Event Production

As you have already figured out, my name is Emma & I am the one behind Emma Lilly Styling and Event Production. Before I start talking all things wedding with you, I thought it would be good for you to know a little about me & why I love to do what I do!

Creating experiences & spaces is something I have done for as long as I can remember, building cubbie houses, turning my room into a creative wonderland with material, flowers & fairy lights hung from any surface I could get my hands on.

They say do what you love & you will never work a day in your life! I went on to study Design for Live Theatre Production & Events then Floral Design. I started off my career working for AVPartners on Hamilton Island. I have had the pleasure of styling & producing hundreds of events including high end weddings, fortune 500 companies & private events.

I have recently moved to Port Macquarie and started my own business, I am looking forward to creating more extraordinary events! Outside of work you will find me on the water, out exploring, doing something creative or socialising enjoying a cocktail or two!

Bringing your special day to life is what I am here to help you do. The goal is for this to be the most relaxed unforgeable day of your life. I will work with you to design & style a look that reflects who you are as a couple and deliver everything for you flawlessly on the day!

My motto is

be fearlessly authentic

Now let's bring your special day to life!
