## Reliable Service

We pride ourselves on attention to detail.....

*Tracey was absolutely amazing. She has a great eye for detail and was very willing to help and create ideas when we needed to make a little change. Our colours for the wedding were dusty and navy blue and the colours of the flowers could have not been more perfect. When I first walked into the venue and saw the flowers she had set up it all looked truly amazing. We are both very great full for how our flowers turned out. We would definitely recommend*

*My gorgeous bouquet was made by Tracey @ O'Donnell Floral Designs, it came all the way to Melbourne packaged beautifully and the bouquet itself was just breathtaking. You could have sworn they were real flowers. Her design fit my wedding theme so well and was the perfect size, I got so many compliments on the day and after our wedding from our photos. I'm so glad to have gone with silk flowers so I can have them forever. I highly recommend this supplier, you won't look any further for bespoke, high quality floral arrangements.*
