BRIDAL BEAUTY PRICE GUIDE

2018

Thank you for downloading the Miss Match Makeup Bridal Beauty price guide. Below you will find more information on the services I offer as well as pricing, package offers and frequently asked questions and contact information.

ABOUT

My name is Sarah, and I am the artist behind Miss Match Makeup. I have worked in the Beauty industry professionally for over Three years.

I believe in creating a radiant, beautiful look for your special day that is entirely you. I spend a lot of time with my Brides to be discussing everything from their dress, to their flowers and love to get a sense of the personality of my clients. This really helps me tailor a look specific to you.

Though I describe my Make-up as natural, I bring out the red-carpet version of you. I understand trends, colours, classic, vintage and contemporary looks as well as bringing modern techniques to my work.

I have a multi-layered approach to my makeup and hairstyling application to ensure your look lasts all day and well in to the night after you have said goodbye to your guests. Even on those hot summer evenings.

FREQUENTLY ASKED QUESTIONS

Do you offer False Lashes?

Yes, I do. False lashes are always complimentary.

Do you travel?

Yes, I do travel. Areas I include free of charge are The Southern Highlands, Macarthur Region, Wollongong, South Coast and Illawarra. Sydney Metro, Canberra, and Interstate/International travel do incur a fee. Please enquire.

Do I need a trial?

I highly recommend having a trial. You need to know that you love the look you will be wearing on the day. It is a great opportunity to discuss colours you may want to try, have reassurance in your artist that they have your best interests in mind and also to see exactly how gorgeous you will look walking down the aisle.

Do you cater for large bridal parties?

Yes. I have many wedding requests in the region of ten or more people. When this is the case I will often recommend another stylist to help. The quote from them may be different. Everyone I recommend is a highly regarded, professional artist in my area and a personal friend.

Are your products cruelty free and suitable for sensitive skin?

All my products, where possible are cruelty free. This is a large majority of my products, if not all of them. I extensively research everything I buy before putting it in my kit. I don't believe beauty should come at a price to our furry friends. Having sensitive skin myself – all my products a sensitive skin friendly and there is nothing in my kit I wouldn't put on my own skin first. I always ask about allergies and ensure everyone is cared for.

Do you offer Tattoo Cover-Ups?

Yes, I do cover tattoos. Small tattoos are included in the make-up cost. Larger tattoos which cover arms, backs etc... will incur a fee which I am happy to discuss.

Deposit/Cancellation and Important Information

For all weddings I require a \$100 non-refundable deposit payable at least three months before your wedding date.

For any cancellations made three weeks from your Wedding Date I charge 50% of the total cost of the quote. This is non-negotiable.

For any last-minute cancellations, I charge 100% of the total cost of the quote. This is non-negotiable.

If numbers fall suddenly on the day, the original quote may still apply. I am happy to discuss this on the day.

If ever under total extreme circumstances I am unable to make a booking a replacement artist will be sent to your venue without hesitation.

I am not responsible for any allergies or reactions that have not been highlighted to me before Make-Up and Styling application so please ensure you have told me about any concerns prior to styling.

I am a fully insured Hair and Make-Up artist. My insurance information can be made available upon request if needed.

I guarantee you will love your look and the service I provide – but if you are unsatisfied in anyway please discuss this with me openly and honestly. I will do everything in my power to make your day as special as possible.
