THE AURORA

A Tent with Wow-Factor.

Featuring a white sail top, with translucent fabric that glows through the day and night.

Wooden poles structured to mask in the outdoors, and weathershield walls installed to protect you from the weather elements.

Optional white flags are showcased at the top of each centre pole.

The Aurora serves as the perfect outdoor venue space or wet-weather alternative offering a beautiful, unique and memorable event experience for you and your guests.

INSTALLATION

Each event requires up to 5 hours for installation, which is carried out at least 1 day prior to the event. Pack down requires up to 3 hours 1 day post event.

WEATHERSHIELD WALLS

Weathershield walls can be pre-installed ready to roll up or down during your event. We offer clear vinyl (see through) walls. These walls are primarily used to keep wet weather out however they can also be used individually to block certain sections of the tent.

LIGHTING PACKAGE

The Lighting Package includes the interior and exterior of the tent in a layout that is customised to each event. Warm LED dimmable lights are installed on each centre pole, with festoon lighting strung around the perimeter of the tent streaming outward to tall bamboo poles on the exterior.
