## About Me.

Hi there! I'm Frankie. I am an illustrator and graphic designer. Creating wedding invitations and stationery is a true passion of mine! I have been a watercolour artist for almost 5 years, and I also love creating line art and digital art.

One of my favourite things to do is help add a special touch to a couple's special day. I am also very kind and friendly and enjoy working closely with my clients to create something that they love and that brings them joy.

# Personalised Packages.

Each and every invitation I create is personalised for couples based on their unique needs. I hand-paint illustrations based on your wedding flowers, colours, and venue.

# Kind words.

Frankie was amazing throughout the process, from consulting with us, to designing the invitations and sending them out. She was super helpful, thorough. She kept us updated every step of the way, was super quick, and lovely to chat to :)
