WHAT WE DO

1. WEDDING MUSIC

We carefully curate personalised musical packages for couples, based on a deep understanding of their desired sound and outcome. By asking the right questions, we can get to know you so we can match the perfect Artist to you.

2. SPARKULARS, 'LOVE' LETTERS, PHOTO BOOTHS AND PERFORMERS

Our unique company also has a photo booth business and performance house within it, which means we can offer simple packages including multiple services. We also have sparkulars to light up your first dance or entrance, and petite light up 'LOVE' letters to add the perfect finishing touch.

3. AN ENJOYABLE EXPERIENCE

Let us treat you to a total experience that is fun and exciting, from go to woah. It's our specialty and you deserve it!

CHOOSE YOUR PACKAGE

We have a wide range of customisable options for you. By listening to your vision, our friendly team will suggest elements and packages for you to choose from.

Our promise to you

We want all our couples to find the experience of choosing, booking and enjoying their wedding music and entertainment to be as seamless and stress-free as possible. With Redtie, you can expect friendly, welcoming communication with your personal wedding consultant, Carly, who will reply to you quickly and professionally.

We are focussed on organising all the little details so that by the time your big day arrives, you can concentrate on the only important thing - being present and lapping up every moment. So you can rest assured that each and every detail will be covered and you will know exactly what's going on at every stage during the lead up to your day.

On the day, you will find our professional musical and entertainment team to be easy to deal with, organised and eager to provide a beautiful experience for you and your guests.
