OUR ROLES WITHIN BEN AND VEE

Vee is a bubbly and confident person who is eager to MC your wedding and have a ball whilst doing it.

At your wedding you will find her singing and playing along side Ben or sneaking a cheeky canapé.

She is usually the person who you will be in contact with in the initial enquiry stages- asking you the important questions to make your day total success!

Ben is a kind and easy-going person who always picks the perfect songs for each moment.

At your wedding, you will find him either playing live or spinning the DJ decks and amping up that D-floor!

He is the AV guy, the tech-wiz, and will ensure the sound, lighting, and production run perfectly for your day.
