Beautiful packages with live piano and vocals.
2 packages available; Ceremony and Ceremony and Cocktail Hour
These packages includes my own covers and arrangements of popular love songs, 90s and 00's hits and classics curated for your special day.
Booking these packages means that it is understood they will not sound like the original songs.
I will create my own cover, tailored to your unique occasion.
I am happy to travel with my own piano, or if your venue has a piano, I can play that as an option.
Packages can be customised to include important moments throughout your special day (first dance, dances with your parents)

This package can only be booked at locations with power.
