## Kind Words from

### Deanna & Troy

"Shelley and Tania were incredible to deal with and made me feel so comfortable having them take care of such an important part of our day. From our first emails, to sitting down and meeting for coffee and a chat I knew we were in the best hands.

Shelley created the most perfect song selection with us and sang each one so beautifully during our ceremony, we were all captivated in each moment. Absolutely flawless professionals and incredibly kind people, it's so important to have complete trust in your vendors on your wedding day and I was so grateful to have Shelley taking care of our ceremony entertainment."

## Kind Words from

### Carla & Luke

"Wow, I wish that I could explain just how fabulous the ladies are. From the Skype call that we had to organise songs, right up until hearing them entertain all of our guests. The ladies looked amazing & sounded phenomenal. My only regret is not having them sing at my church (one of the only regrets I have of my entire wedding actually!)"
