On what harp do you perform?

Eliza performs on her full-size concert grand pedal harp. This type of harp is the one you would see being played in a symphony orchestra.

Do you perform with other musicians? Say, cello or flute?

Yes we are well connected with other musicians and can arrange to have a different instrumental ensemble for your event. Let us know what instruments you would like and we can organise this.

Do you play any jazz?

No, we are not trained in jazz.

What happens if I need to reschedule or cancel my event?

Our policies clearly state whether we will refund you or cancel any outstanding amounts so make sure you read these and become familiar with our procedures.

Can I book you for 1.5/2.5/3.5 hrs?

Yes this is possible, simply let us know when you request a quote and we will take this into consideration.

Do you perform concerts?

Yes we can also do this. However we charge considerably more for this due to the intense work-load associated with preparing and performing a concert.
