THE PERFECT  ATMOSPHERE

TAY PLAIN

WEDDING MUSIC

FOR YOUR SPECIAL DAY

ATMOSPHERE IS EVERYTHING

WEDDING ENTERTAINMENT

Why I do it, and why I love it!

Music has been part of my DNA since the beginning. Raised in a family of creatives, I developed a deep love for all things musical, singing & instruments. The joy music can bring has kept it a central part of my life ever since.

After years of working as a videographer in the wedding industry, I noticed over and over again how important atmosphere is! It literally makes (or breaks) your wedding. I could see clearly what the Musician or DJ should have done, or should have stopped doing, to improve the atmosphere.

And there it was - my lightbulb moment - I knew MUSIC & ATMOSPHERE was what I should be doing! And so I did.

Almost **200 weddings** later as a musician, I feel absolutely at home in my role bringing the good vibes through music. I am now a highly experienced Live Acoustic Performer, Party Band, DJ & MC. I have refined the process of setting an awesome atmosphere & know how to build it over the course of the day, in to an epic party for my couples.

It is such a privilege to carry the responsibility of a party's atmosphere, and the more I do it the more I absolutely love it!

FULL DAY ENTERTAINMENT

HERE'S WHAT I OFFER:

THE CEREMONY

It is so important to set the mood as your guests arrive with Music! It also helps gather your guests together & draw them to the right area. So I always start with 30minutes of Pre-Ceremony music!

I can learn & perform bespoke acoustic versions of your chosen songs for your Processional (Aisle Song), Register Signing and Recessional (Bridal Party exit). These are seriously magic moments! & so important that they reflect your style. Songs for these moments can be also be DJ'd through my sound system if you prefer the original.

Straight after the Ceremony I keep the fun & uplifting music going to keep the atmosphere high as guests mingle & congratulate you & photos take place.

AFTERNOON CANAPÉS ENTERTAINMENT

It's so important to continue building a fantastic atmosphere for your guests between the Ceremony & Reception. Live Entertainment during canapés/drinks is the perfect way to do it! I read the crowd & perform a variety of old & new music (all wedding appropriate songs) that accommodates for the full range of your guests. Most importantly, this gets your guests relaxed & excited & builds a great party atmosphere leading up to your Reception.

THE RECEPTION

You will receive a questionnaire which helps me catch your vibe & style! It works so well to have a mix of Live & DJ over the the course of the evening, it keeps it interesting & exciting. Live solo acoustic entertainment between formalities gives the evening a great feel & flow.

Special items played for your First Dance, Father/Daughter, Parents dance, E.t.c can be performed live or DJ. Transitioning seamlessly from live music into DJ with no awkward silences, taking requests etc & keeping and great atmosphere for the entire event. Always ending with an awesome Dance floor session curated to match your style! Requests may also be taken on the night!

I have awesome professional quality sound & lighting equipment which includes everything needed to make your Reception an awesome party!

LIVE

ACOUSTIC MUSIC

Atmosphere is Everything!

Hands down one of the most important things to consider when planning a wedding is *the atmosphere!*

I have a HUGE repertoire of modern & old music which I draw from on the day to match the vibe of your guests. I've been a musician & lover of fun my whole life & know very well the power of music and what it can achieve! It's all about reading the room & making sure everyone is enjoying it & feeling good!

One of my favourite things ever is to bring that perfect, unique vibe to a wedding day with an upbeat, live music experience that anyone can enjoy. It's all about you & your guests having the best day ever.

I simply just love music! Singing & Playing guitar is one of my greatest passions & getting to contribute that to someones wedding is such a wonderful privilege.

Music done right, results in the most memorable occasion you could ever hope for! I perform live as a solo acoustic artist, Trio or Party Band!

DJ

**THE BEST TIME
OF YOUR LIVES!**

PERSONALISED

Every wedding is different! Every couple & every crowd is different. That's why I take the time to prepare a unique & personalised DJ Library for each individual couple.

Flow & atmosphere is so important & to make it the best party of your life, the music must reflect your unique style!

READING THE ROOM

Being a good DJ is actually quite the art-form! Similar to playing live, it is all about reading the room & being able to adjust on the go to make sure everyone is having a great time.

It is knowing when to change it up! When to drop the right bangers, making sure people are loving it & joining in the fun! So expect me to be dancing the night away with you & your guests.

I always make sure to check in with Grandma too and make sure she gets a shoutout & a song dedication!

PARTY BAND

...FOR THAT LITTLE BIT EXTRA

OPTIONAL BAND UPGRADE!

It is always such a fun time when the boys from my band join me! It brings that extra level of vibe & perfect option for music lovers!! Drums & Bass & optional Saxophone or Trumpet.

The mic is always open to adventurous Grooms that want to sing to their new bride too! for us it is all about good times & having an awesome party! Your wedding should be the best day of your life! And that's how we see approach it!

MC

MASTER OF CEREMONIES

No over-talking...

I am very confident and comfortable on a mic; but my approach to being MC is to keep it minimal. It is ALL about *good facilitation* of the evening! Nobody wants to hear some guy ramble on and on with cliché one-liners!

I keep it authentic & work together with all your other vendors & suppliers to make sure everything stays relaxed and runs smoothly as planned.

Tay Plain

www.tayplainmusic.com

No terrible jokes...

The wedding is most certainly not about me! As an MC, I *always* keep the focus of attention on you, the Bride & Groom.

I keep things light, fun & to the point! Zero cringe & no bad jokes! It's all part of keeping the atmosphere relaxed & smooth.
