

A wedding couple is shown in a romantic embrace in a field of tall, golden-brown grass. The groom, on the left, is wearing a white dress shirt, a dark bow tie, and dark trousers with suspenders. The bride, on the right, is wearing a long, white lace wedding dress with a long veil. They are standing in a field of tall, golden-brown grass. In the background, there is a wooden bridge over a small stream, and rolling hills under a cloudy sky.

Behind The Camera

Hi, I'm Michelle, lover of texture, light and unguarded moments.

My love for photography was born in my mama's garden. Enticed by the beautiful textures and colours of bougainvilleas, I was desperate to capture what my 10-year-old eyes saw.

From then on seeing beauty in the most mundane became a second nature.

A vintage kodak camera was my first best friend. It was during the fun 90s when I can't wait to develop a 36 film shot, treasure and make scrapbooks of successful photographs, get heartbroken of over-exposed shots.

A decade later, the luxury of digital advantage came but my favourites remained the same, the love for natural and ambient light to tell the candid moments of the day.

My love for telling stories from the most mundane to the most significant moments coupled with the passion for capturing unguarded moments is a gift I want to share with you.

I see photography as the art of immersing into one's life and capturing a collection that doesn't only exhibit but evocatively tells.

I dive into capturing layers of gladness, joy, finality, awe, beginnings, rawness, passion and love without neglecting the important details of your unique day.

For over a decade of working as a photographer, I've learn that a great camera alone won't capture the magic. It is the ability to empathise with emotion, texture and light that gathers the years of expertise, high-end camera, uncontainable joy and once-in-a-lifetime moments into a single frame. It is with this attitude that I'd click away. Passion moves my foot to the right angle, empathy moves my heart to bring out the soul.

Once you give me the honour to photograph your day, you won't only be having the service of my time and camera, you will be having all my heart as I immerse into the rarity of your most special day.

My dedication is yours. I'll capture every moment as you live it.

Feel free to get in touch. Wether you are just exploring your options or just wanting to know more I'd be happy to chat with you over a cuppa!

Frozen Moments in Time

“My aim as a wedding photographer is not to capture the perfect picture, but the moments after it. My approach is searching for natural moments reflecting the elements, emotions and essence of your special day.”

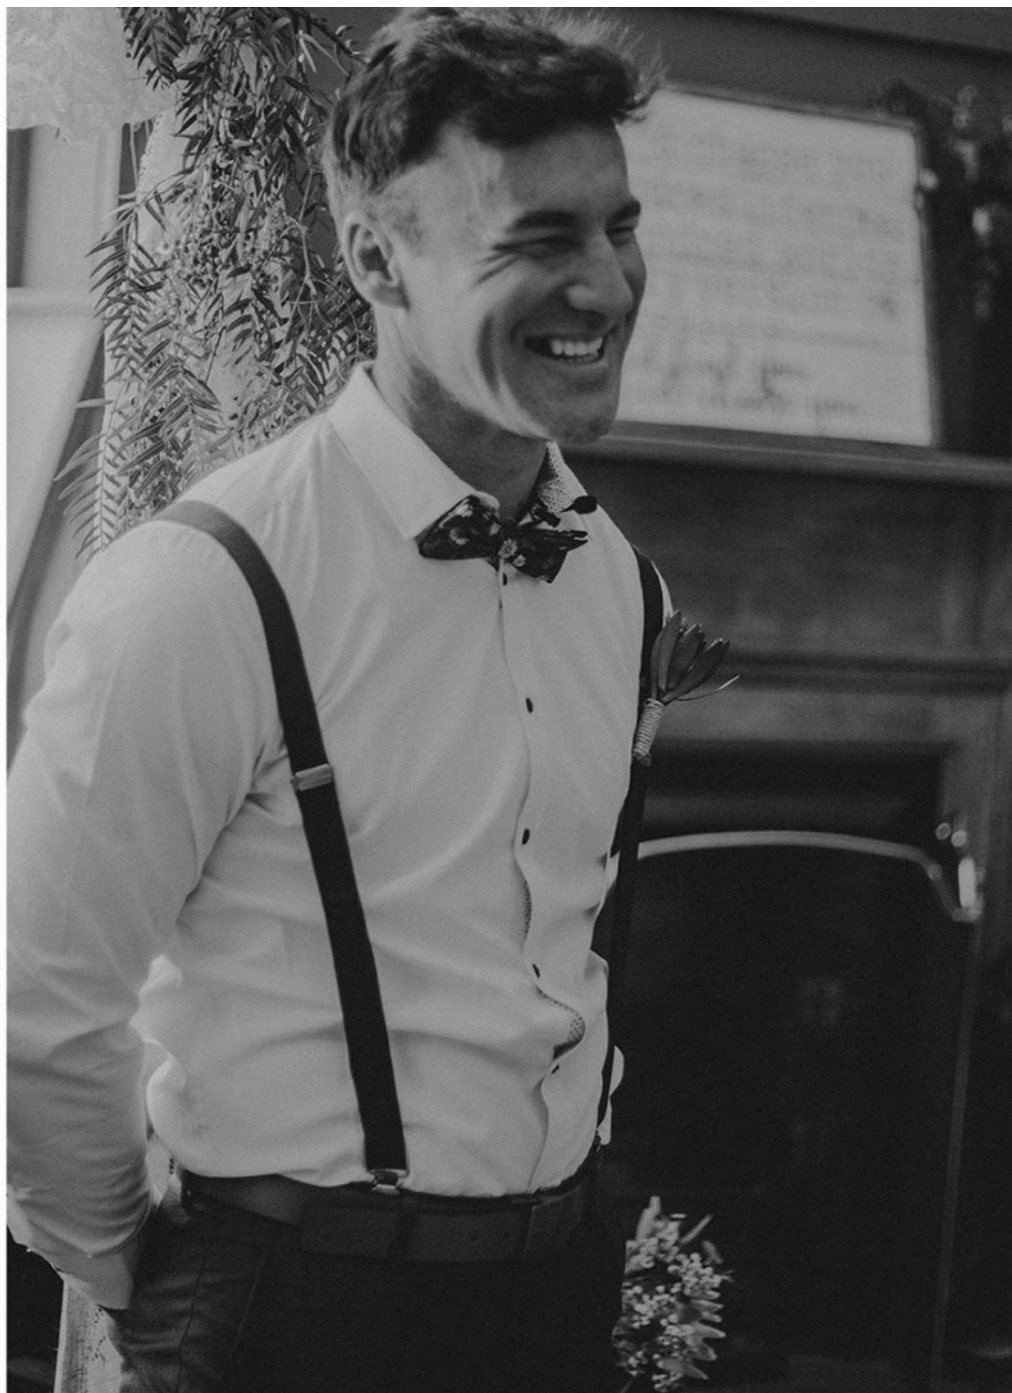

Frozen Moments in Time

The First Look.

Ian never looked at Karlie. He would passionately gaze at her.

With all affection and adoration, his eyes were locked at her.

Karlie was simply breathtaking in every way. She flows with exuding gracefulness, excitement and beauty living every moment of their day.
