Testimonials

I am so absolutely delighted with the work Alexandra did for my wedding. She was friendly and fun to work with, and managed to take the perfect photos while remaining entirely unobtrusive.

She is truly talented, and was able to wrangle my huge family into position for photos together. She has a very good eye for lighting, background, and poses - she positioned us perfectly when we had no idea how to stand, and the photos look absolutely perfect.

- Molly

Alexandra was an absolute dream to work with! I've always felt uncomfortable in front of a camera and she made us all feel relaxed and casual with seemingly no effort at all. I loved that she was able to capture the personality of our group as well, some really fun photos came out of it that I'll cherish forever.
