

A wedding is a wonderful meeting of family and friends in joyous celebration. Because of this, photographing or capturing video of your wedding becomes a special privilege, rather than a “job”.

Untold Digital Media provides documentary-style coverage of your wedding, from the most intimate civil affairs through to lavish celebrations with large bridal parties and hundreds of guests.

UNTOLD DIGITAL MEDIA

I provide local services, along with the ability to travel to meet your needs outside the Greater Darwin area.

My small footprint ensures a truly flexible, customised service without expensive overheads being added to the price.
