About us

Hello! I'm Andy, Founder and Lead Creator at Dorman Creative Wedding Photography.

“Photography is a way of feeling, of touching, of loving. What you have caught on film is captured forever... It remembers little things, long after you have forgotten everything.”

Aaron Siskind, photographer

Testimonials

At Dorman Creative, we have glowing testimonials from our clients. The main theme of which is usually based on how unobtrusive the photography and videography was in the flow of their wedding day. We have the natural ability to put people at ease and make them feel comfortable in front of the camera.

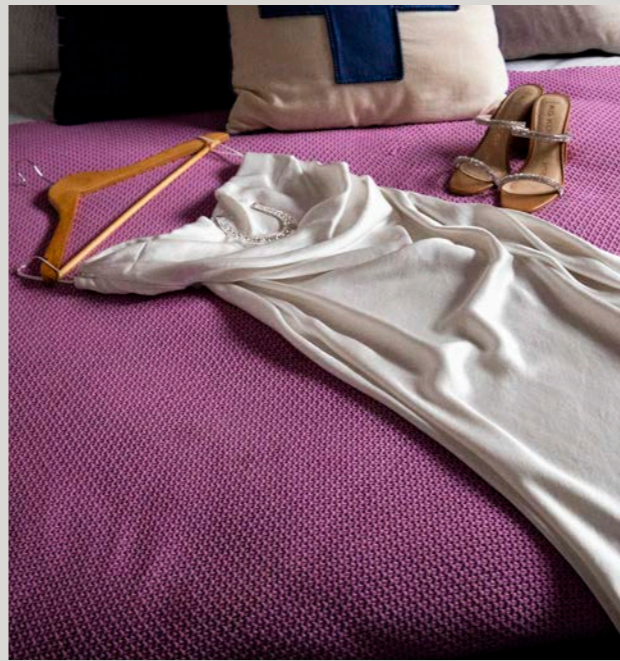

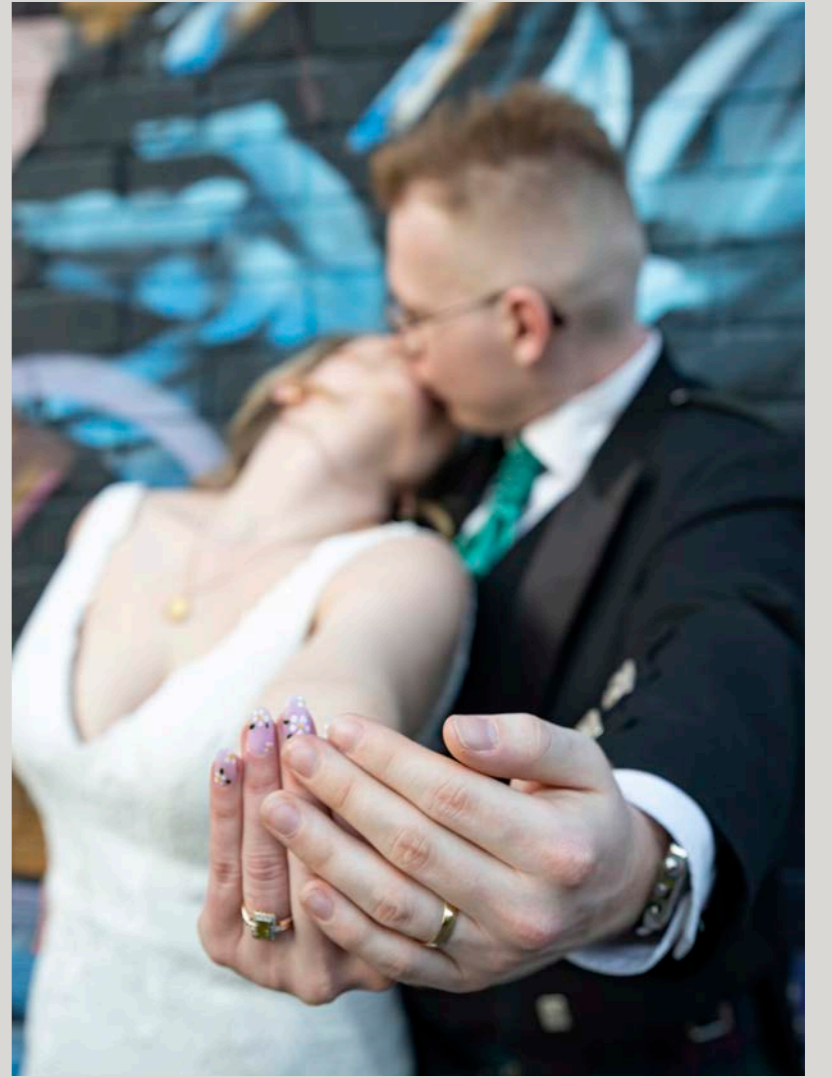

“Dorman Creative did an amazing job at our wedding, we were so happy with the end product. Andy really went above and beyond to get the shoot. He took incredible and creative photos and we were so lucky to have him as part of our special day!”

Emma & David

“We had Dorman Creative shoot our wedding and the work was outstanding. They were affordable, communication was on-point and operated so smoothly that we barely noticed they were there. Andy got the final photos back to us super quickly after the wedding and was helpful

with providing different sizes for creating prints. We are so happy with the result and will continue to recommend Andy and his team.”
