About Royal Media

How it all came to be.

ROYAL MEDIA WEDDINGS emerged from the creative foundation of ROYAL MEDIA RECORDS, also known as RMR PRODUCTIONS, which was officially established by Aldwin Cajili and Tim Velante in 2017. Initially focused on music videos, productions, photoshoots, promotion, and branding, we collaborated closely with local creatives, up-and-coming musicians, and business owners.

In 2021, our path intertwined with that of EVOKE VISUALS, founded by Jerry Brinas. Through a series of shoots and projects, we developed a profound and mutually beneficial partnership, which led us to establish a dedicated photography studio in Dandenong under the umbrella of RMR PRODUCTIONS. This studio, which is now open for public hire, serves as a space for our collective creative pursuits.

Driven by our shared passion for film production and photography, both companies aspired to create visuals that would transcend time and capture authentic emotions and experiences. It was through the realm of weddings and events that we discovered the perfect outlet for this vision, giving rise to the birth of ROYAL MEDIA WEDDINGS.

With over a decade of combined experience, we have honed our skills and acquired a deep understanding of our client's needs. We possess the expertise to bring their unique visions to life through a diverse range of shooting and editing styles. Every precious moment is cherished, and our utmost goal is to accentuate the essence of your special day using our professional equipment and delivering high-quality cinematography.

Photographed moments

Engagement/Pre-Wedding

The first and most important step before the big day! It's all about having fun and creating great memories just for you and your partner. This is a great opportunity to not only achieve great visuals with your partner but also have a glimpse of how your wedding photos would turn out. Here, we take our time to know your love story so you are super satisfied with the results!

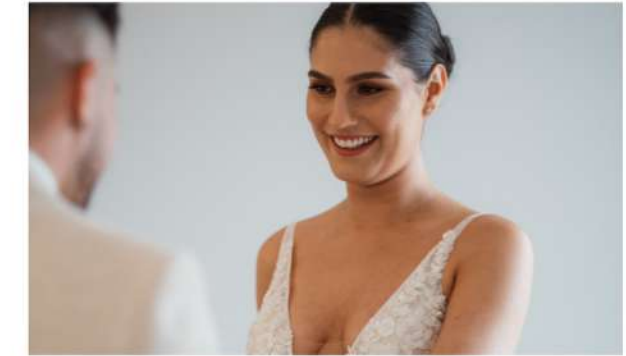

Bride/Groom party

This is all about celebrating your love, as well as those who have been part of your journey. These individuals will be your greatest help on your big day! You've also chosen them to be this close to you and we'd love to get some photos and videos of you sharing some moments with them!

Preparation

Getting ready shouldn't be an important part of the video, should it? Quite the opposite! We love setting the scene for the day and capturing moments between you and the most important people in your life right before the big show!

First Look

Get ready for the ultimate heart-melting moment! A first look is when time stands still, and the world fades away, leaving only the two of you. We'll capture the raw emotions, and the butterflies in your stomach. It's a once-in-a-lifetime chance to share an intimate and unforgettable moment before saying "I do."

Ceremony

Cue the butterflies and heart-fluttering romance! As you make your grand entrance and exchange those oh-so-sweet vows, our lens will be zoomed in, capturing every teary-eyed glance, every radiant smile, and every "I do." This is where love takes center stage, and we will be your backstage pass to reliving the magic forever.

Family Portraits

Family is forever! Whether you'd love to do it at the church or at the reception, we will be there to capture the beautiful smiles of your loved ones. We usually get a dedicated person calling names/helping us organise portraits to keep it smooth and flowing.

Post Ceremony

After the "I do's" and the confetti-filled celebration, it's time to revel in the afterglow of your newlywed bliss. Whether you steal a private moment to share a secret smile or embrace amidst a sea of well-wishing guests, these post-ceremony shots will be a testament to the sheer joy and excitement that comes with starting your forever together.

Reception

It's time to party (almost)! From the cake-cutting to the epic dance moves, we will be right in the middle of the action, capturing the contagious energy and unfiltered happiness. Get ready for candid shots of your loved ones busting a move and heartwarming speeches that'll have you reaching for the tissues.

We value your journey.

Our team will always be clear and transparent right from the very start.

As we guide you through each step of the process, our team will always be straightforward about our pricing and inclusions. We want to give you the photos and film as perfect keepsakes of your incredible milestone.

Our team promises to be clear about the expectations of your special day and what's included in your package right from the start, so you won't miss those little moments. Because at the end of the day, we want to give you peace of mind before you sign a contract and put in a deposit.

We put you first and make sure clear expectations are made before you sign a contract.

One size does not fit all.

We create unique packages for every couple.

No couple will share the same kind of story or love as the other. That's why we value getting to know you and understanding your needs for the special day.

There is so much natural beauty and joy to be captured when two souls come together in a once-in-a-lifetime celebration. Through a careful thorough process, we ensure every single angle is captured and achieve the rawest and most authentic moments.

Every package is uniquely tailored to each couple in order to achieve the best artful, genuine, and candid moments of your love story.
