Frequently Asked Questions

WHAT HAPPENS IF THE WEATHER ISN'T FAVORABLE?

In the event of unfavorable weather, I have experience working in various conditions and will use creative techniques to capture stunning photos regardless of the circumstances. My priority is to create beautiful images that reflect the love and joy of your wedding day, regardless of what Mother Nature throws our way.

WHAT IF WE CHANGE OUR WEDDING DATE OR IF I CANCEL?

Regarding cancellation fees, I typically include a clause in my contract outlining the terms for date changes and cancellations. Depending on the timing of the change and the policies outlined in the contract, there may be a cancellation fee to compensate for lost bookings and potential income.

However, I approach each situation with understanding and flexibility. If you need to change your wedding date due to unforeseen circumstances, please reach out to me as soon as possible.

WHAT IF WE NEED YOU TO STAY LONGER THAN EXPECTED?

If you need me to stay longer than the agreed-upon coverage time, I am usually able to accommodate extended hours, subject to availability. In such cases, I charge an additional hourly rate for the extra time beyond the initial coverage period. If you anticipate that you may need additional coverage time, please let me know as soon as possible so that I can adjust my schedule accordingly.

Frequently Asked Questions

DO YOU PROVIDE THE RAW FILES?

I do not provide raw files as part of my service. Raw files are unprocessed, uncompressed image files that require specialized software and expertise to edit and refine. Providing raw files would not align with my professional standards or the level of quality that I strive to deliver to my clients

HOW DO WE RECEIVE OUR PHOTOS?

Upon completion of editing your wedding photographs, I will provide you with access to your personalized online gallery. This gallery serves as a convenient and secure platform for viewing, sharing, and downloading your images from anywhere with internet access. You will receive an email with a link to your gallery, along with instructions on how to access it. The gallery is user-friendly, allowing you to easily navigate through the photos, mark favorites, and share specific images with friends and family.

WHAT TYPE OF CAMERA/EQUIPMENT DO YOU USE?

As a wedding photographer, I utilize professional-grade camera equipment to ensure exceptional quality and reliability in capturing your special moments. I use not one but two of the Canon EOS R5, a high-performance full-frame mirrorless camera renowned for its outstanding image quality, speed, and versatility. In addition to the camera bodies, I complement my setup with a range of professional-grade Canon RF lenses, renowned for their optical performance and versatility, ensuring that I have the right tools to capture every moment of your wedding day with exceptional clarity and creativity.
