MEET ADAM

I'm Adam, the owner & principal photographer of our family run business Bluebell Imaging. I love being able to share in the love of two individuals and feel blessed to get to work with such wonderful people each day!

Based on the Central Coast of New South Wales, it is hard to believe I've been in the photography industry for over ten years now.

Get comfy as you browse my work.

When I'm not behind the camera, you can find me at the beach or at the park with my wife Bec and daughter Indi. We take total advantage of living on the coast and try to get outdoors in the fresh air and sunshine every chance we get. There's never a dull moment in our house.

After obtaining my Diploma of Photoimaging, I started documenting weddings, engagements and life events of friends and family members to build up my portfolio whilst maintaining my career in the commercial photography setting. In 2013, I decided to branch out on my own and started Bluebell Imaging - I have never looked back.

I enjoy being around people and love to have a chat.

Love, Adam

LET'S CONNECT

As a youngster, I knew one day I wanted to do something that was creative and beneficial to others. When my Grandad put a camera in my hands at the age of 8, my love and passion for photography blossomed. This career path is truly a dream come true. Being married myself, I know how much thought and time goes into each wedding.

While I put my heart and soul into my work, I also strive to maintain a professional atmosphere for clients as well as their families. Continuing my education as a photographer is something I value greatly. I make it a point to attend regular workshops and conferences within the photo community as this allows me to stay current.

“Adam went above and beyond and was so accomodating to our needs. We love the way he made us feel so comfortable which comes across in the natural look of the photos.

He is a brilliant photographer and the personalised little touches are just an added bonus. We can't stop looking at our photos!”

PRE-WEDDING PORTRAITS

We recommended having a portrait session (engagement shoot) prior to your wedding day. This allows you as a couple to become comfortable with being in front of the camera and gives us a chance to get to know each other. The earlier you schedule your sessions, the more dates you have to choose from. The best time for portrait session is during the week about two hours before sunset. This time frame allows for more flexibility & beautiful, natural sunlight. Most couples plan to have their sessions about two months before the wedding.

PRE-WEDDING SESSIONS - WHAT TO EXPECT

Location

Add more personality to your photos by choosing the location of your session! Whether it's the local coffee shop or a local park where you first met your soon-to-be spouse, let me know if there is a place that is sentimental to you.

Payment

A 50% non-refundable deposit is required in order to secure your session. The remaining 50% of your balance is due two weeks prior to your session.

Scheduling

Sessions are scheduled 4-6 months in advance. Cancellations and reschedules must be made via email or phone at least 48 hours prior to your session. Deposits are non-refundable.

What to Wear

Wear something that makes you feel comfortable and confident! Patterns, bold colours, and accessories photograph really well. Feel free to get creative with your outfit selections.

STYLE TIP:

While it is great to compliment your future spouse in photos, by no means do the two of you need to wear matching outfits.

If your other half is more comfortable in solid colours, try choosing something with a little texture. Patterns are a great way to add contrast to your images. Be creative, and let your unique personality shine through!

BLUEBELL WEDDINGS

“Adam was able to make our day stress free as he kept everything relaxed. This allowed him to capture such stunning photos from our special day. We both can not thank Adam enough! Highly recommend his high quality service.”

FREQUENTLY ASKED QUESTIONS

Answers to all of your photo-related questions

Q: What makes your work different from other photographers?

A: I take all of our photos in intimate, relaxed settings and try to use natural lighting as often as possible. My sessions are candid & fun! I also listen to you - after all it's your big day!

Q: Will we get the print release to our photos after our wedding?

A: Yes! Upon receiving your images, you will also get a full print release.

Q: How many photographers will be there at our wedding?

A: Most wedding collections come with one photographer, although you can always add on a second photographer for an additional cost.

Q: Will we get featured in a magazine or blog?

A: Although many of our sessions do get featured, this is not something that is guaranteed. Most publishers are interested in colourful, uniquely designed weddings!

Q: Do you photograph small weddings and/or elopements?

A: Of course! Depending on availability and the number of hours you have set aside for photography, I can work out a package that will work for any wedding big or small.

Q: Do I have to order prints through you?

A: I highly recommend ordering printed products through a professional lab, but it is not required. The difference in quality is huge when it comes to ordering through a professional vendor, so we have made this component very easy. Your images will be supplied to you via an online gallery where you can order prints directly. Our chosen professional lab will send them straight to your door.

All of the images in this booklet and on our website are from real life weddings we have been lucky enough to be a part of!

HAVE ANOTHER QUESTION?

Send me a message! I am happy to help!

Q: What equipment do you use?

A: Using the latest Nikon full frame equipment and working with two bodies with different lenses at the same time allows me to capture every moment in clear, crisp quality. Along with my standard kit I have a back up body, flashes and other lenses allowing me to get the desired look for each image in any occasion.

Q: Do you cover destination weddings?

A: Absolutely! We love to travel - send over a detailed itinerary so we can put together a tailored quote just for you.

A 25% deposit and signed contract is required in order to secure Bluebell Imaging for your wedding day.

*Plan out a timeline & consider
doing a first-look!*

I like to document couples as they get ready, so send over your timeline several weeks before the wedding!

While it used to be considered taboo, adding a first look component to your wedding day can create beautiful, natural and more intimate couple photos. It also helps to calm nerves and gets your reception started on time, as guests won't have to wait long for the newlyweds to get their photos taken after the ceremony.

These suggestions are highly recommended but not required, by any means! We are flexible and more than happy to cater to your needs. Allowing you the happy couple to do your day, your way.

WEDDING DAY TIPS

Gather all your details before the day starts so I can photograph them quickly! This makes the getting-ready portion of the day go by much more smoothly, and it allows me to spend more time focusing on the spontaneous moments when everyone is together.

Sample items to bring: ring, jewellery, hair pieces, flowers, shoes, socks, cuff links, letters, pictures, gifts, cultural items, invitations, programs, printed pieces, and any other unique items you've put thought into!

IT'S THE LITTLE THINGS THAT COUNT

Most couples' favourite images from their wedding end up being the detail shots that are taken throughout the day. Details help tie everything together and tell the story of 'behind-the-scene' moments.

Think about getting a wooden hanger for your dress. They photograph well and are great keepsakes for years to come.

Remember to relax and enjoy the day!

Photo Tip:

Appoint someone to help organise family formals after the ceremony. Along with candid and natural portraits taken throughout the day, most couples like to also include formal portraits with certain family & friends. The best time to do this is typically right after the ceremony.
