It's no surprise to learn that more and more couples, choose to hand everything over to an experienced professional who can manage everything for them. The incredibly popular 'on the day management service' gives you the freedom to relax on your wedding day and spend time on the things that truly matter.

After discussing your plans and we have created a detailed schedule and timeline, Kelly-Louise will be there throughout your day liaising with suppliers, meeting them as they arrive and showing them the site, assisting guests, co-ordinating the set-up of your venue and discreetly handling anything that needs attention.

### **Venue sourcing - \$1200**

When your wedding venue is such an integral part of your day, selecting the one that's right for you can be a little overwhelming and extremely time consuming. Luckily, Kelly-Louise's experience and in-depth knowledge of the options available make it easy for you to find the venue that's right for you.

Kelly-Louise will provide you with a tailored proposal giving you details of the locations that best match your requirements and from there, She'll arrange viewings, accompany you if you'd like or provide you with a list of questions to ask and points to note if you'd prefer to visit on your own. Once you've decided on 'the one', she is still on hand to thoroughly check contracts, clarify the legalities and negotiate any details with your chosen venue.
