Do you have a milestone celebration coming up and would like to celebrate in the comfort of your home? We can help!

Creating a room full of ambience and style takes more than matching cutlery. Although this helps, it's all in the details such as flowers, candles, pretty linen and cloth napkins that can make all the difference.

We have curated a selection of styling decor over the years that only the discerning client will appreciate. This includes a selection of beautiful crockery, exceptional cutlery, stylish glassware and much more.

We have packaged our decor to create a number of tablescapes designs for up to 8 of your most special guests but we cater for larger groups. Contact us now to discuss your next event.
