

Hello and welcome to Trouvaille Weddings

I'm Charley, owner, and sole wedding planner of Trouvaille Weddings. I established Trouvaille Weddings back during the beginning of covid and launched in November 2022.

With over 10 years' experience of working in the hospitality industry with at least 6 of those working with weddings, I decided after my first born that it was time for me to branch out and make a lifestyle my girls could be proud of.

Life is about grabbing a hold of those precious moments and cherishing them forever, it is my job to make sure those moments go perfectly. I am here to help couples plan their dream weddings and events adding elegance and style and making it as stress free as possible.
