OUR INSPIRATION

Utilising textures, tone and beautiful elements of silk, linen and accessories I design more than just a wedding, I create an atmosphere that delivers a sense of emotion and luxury. I am a perfectionist and most importantly my inspiration is you.

Weddings are a time where you want to enjoy every moment.

In the lead up to your wedding, I will work closely with you to understand your vision and personal style to create an event that truly reflects who you are as a couple.

I will assist you in the coordination and set-up on the day or provide detailed styling and planning support throughout the process.

I plan the layout and timeline of your day, and I am on site anywhere from early morning right through until the end assisting in set up and styling of the space and coordinating vendors and guests.

Haus of Hera also has great vendor contacts such as florists, photographers and make-up artists which offer discounts.
