

MK Signature Events Styling Service

The Styling Process

Your Style Blueprint: We will arrange a style consultation at your venue, gathering all the information we need to create your vision for your wedding. This will be our "blueprint".

Your Style Board: We will put together a selection of images that will reflect your vision and match the style we came up with in the blueprint. Once you are happy with the selection, we will proceed with creating your wedding.

Your Style Proposal: You will have access to all our props and décor at no extra charge. For everything else, we will source all suppliers, products and services for your approval. We have an extensive list of vendors that are at the top of their game within the industry. If you have a preferred vendor, we are more than happy to work with them also.

Your Style Team: We will collaborate and work directly with all of the vendors involved on your big day. This means you have the time saving benefit of only one person to contact for ALL aspects of your wedding, leaving you to enjoy your engagement.

Your Wedding Day: Up until this point, most of the work has been done behind the scenes. We will be there on your special day to make sure your styling blueprint is executed to precision.

Our styling service is priced primarily on the needs and requirements of each individual wedding and for that reason we do not have a 'set price' and prefer to tailor a package specifically for each client basing it on their venue, budget style and requirements.

As all brides have different requirements, all of our pricing is tailored for each client. Ceremony and Reception styling starts from \$2,500 (inc GST)

MK Signature Events Month-of Package

For the couple who has planned their wedding, but desire professional coordination and execution of their signature day.
