*made in heaven*

When organizing your wedding, you are confronted by many decisions. Choosing a venue is the one decision that will have the largest impact on your special day. The date of your nuptials, catering options, and attendees' pleasant experiences ... all are partly affected by which venue you select.

Greenfields Albert Parks' authentic interior reflects a sense of nature indoors. Inspiration has come from old world cities including Barcelona and Buenos Aires, where lifestyle is at the centre of design.

We have designed various unique spaces at Greenfields Albert Park so that every time someone enters they are able to experience

something different – from the vast sunset deck, enclosed outdoor BBQ grill bar, sun lounge with feature mosaic tile and suspended fireplace.

There is even a suite for the bridal party as a private retreat.

The main space includes a range of custom handmade and hand finished elements, created by local artisans from France to the Philippines. The elements are layered to build a warm tactile environment, which prompts relaxation and connection.

At Greenfields Albert Park we treat you like our family and go out of our way to ensure your wedding day is a resounding success. Your peace of mind is our ultimate goal.

Food and beverage at Greenfields Albert Park encompasses a healthy, nourishing and honest offering.

'Eat colourfully' is the inspiration behind the menu, developed by Head Chef and part owner Nick Korceba. Having previously worked in renowned Melbourne restaurants like Maha and St Ali, Nick has developed a suite of menu items for foodies who love to indulge in fine food that Melbourne is renowned for.

The fundamental philosophy is to provide our guests with a healthy alternative whilst still maintaining broad appeal, and not sacrifice on taste and quality. As we live in the abundant state of Victoria, each ingredient is sourced locally, where possible, and sustainably to support surrounding communities.
