MAKING YOUR COCKTAIL WEDDING A HUGE SUCCESS

FOOD … A combination of diversity, quality and volume are what again set us apart. From the "blokey bloke" to the "most discerning foody", our menus and packages are designed to ensure everyone in the room will find numerous items to their liking. From simple grazing menu's to full on meal menus we totally understand the need for adequate volume of food for the specific occasion. We guarantee you that there will be NO trips to Macca's on the way home and NO standing at the kitchen door to get fed. Our food will flow to all corners of the room in an effective and organised fashion ensuring every last guest is well and truly satisfied.

SEATING … Our spectacular venues have upward of 120 seats, couches, lounges, ottomans and bar stools to ensure a comfortable environment for all of your guests. Whilst we encourage your guests to mingle and enjoy each other's company, we also totally understand that they must have choice. To be able to be comfortably seated for whatever duration of the event is absolutely paramount to your events success.

We are extremely fortunate to have the best staff in the industry who share the same passion and values about personal service that we have since our inception in 1997. We are very proud of our amazing venues and fantastic food but it is truly our people and the level of service they provide that sets us apart.
