

A romantic photograph of a bride and groom walking away from the camera through a field of tall, golden grass. The bride is on the left, wearing a white wedding dress with a low back and long sleeves. The groom is on the right, wearing a dark suit. They are holding hands. The scene is bathed in warm, golden light, suggesting late afternoon or early morning.

MONTALTO

2023 MONTALTO WEDDINGS

INTRODUCTION

The Restaurant at Montalto is a breathtaking, all sensory showcase of the natural beauty the Mornington Peninsula is known for - truly a moment out of the ordinary.

Refreshed in 2022 by our architectural custodians Williams Boag Architects, the relaxed elegance of The Restaurant, with its raw timber floors and hand-carved tables by local artisan ZP Woodworks, provides a breathtaking setting for any celebration. The floor to ceiling windows look out over Montalto's iconic view of the vines, estate gardens, sculptures - right out to Western Port Bay on the horizon. After sunset, the textural features of the space create a feeling of timeless warmth and sophistication.

The Restaurant has achieved countless accolades over the years, including annual features in the Good Food Guide. The menu draws its inspiration from the 4 acres of kitchen gardens featuring seasonal, heirloom estate-grown produce year round along with locally sourced ingredients from across the Peninsula. The menu is expertly matched with our award-winning wines.

The opportunities to curate a magnificently unique and memorable celebration are endless. Our dedicated team look forward to working collaboratively with you, sharing their years of experience, to ensure your perfect day.

BEVERAGES

Montalto's 3 wine labels are drawn from 5 different vineyards across the Mornington Peninsula. Simon Black, our Chief Winemaker, explains how the wines relate:

"To use an analogy, the Single Vineyard wines are like the principal soloists in an orchestra; each is unique in their offering. Years of innovative trial work in the winery has given us the knowledge required to capture the hallmark qualities and personality from these sites.

Montalto wines are more like the orchestra, where all the musicians come together to create a multilayered symphony. These wines are crafted from our best parcels of fruit from our vineyards across the Peninsula.

The Pennon Hill wines are all about drinkability. They showcase all the qualities that the Mornington Peninsula is best known for – perfume, purity, varietal expression, and brightness."
