“

After looking at many places for our wedding venue. We came here and straight away felt a sense of “this is the one” the owners are all about helping you and doing their best to create your wedding vision. If any problems came up. They were quick to fix or answer questions. Definitely recommend!

We had our son's wedding here yesterday and are very pleased with the way things were run and the beautiful venue. We loved the grounds and tucked away seating areas. Appreciated their help and flexibility. Definitely recommend for a small wedding. It was lovely.

We had our wedding at The Olive Estate and it was fantastic. All our guests commented on what a great venue it was. The owners Ronel and Wimpie were very helpful, responsive and easy going. Shirley the coordinator was extremely responsive and knowledgeable. All the staff helped make our day one to remember. It's a venue where you can do alot yourself or have them organise it all for you, many options :)
