

# The Heaven Venue

What a beautiful way for love to bloom in

• UNIQUE

• LUXURY

• BREATHTAKING

# The HEAVEN VENUE

Love is patient.  
Love is kind.

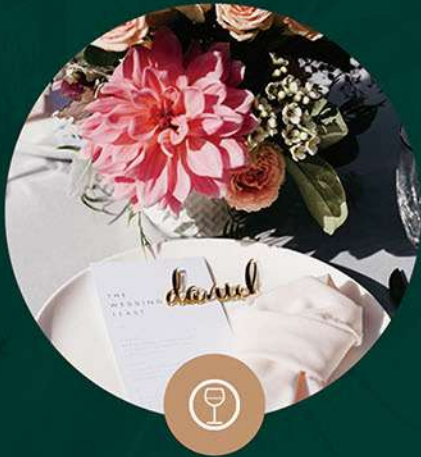

- The Heaven Venue is a picturesque rural property sitting across five acres in Sydney's Northern Beaches.
- With a huge house on the top of the hill complete with all the amenities and luxuries of a resort, with a Balinese inspired decor and grounds, you will not believe you haven't travelled on an aeroplane.
- This stunning and unique venue features a tropical setting with large scale grasslands ideal for your choice of ceremony location, an open-air reception that you can make your own or plant a huge marquee.
- Such a rural retreat with multiple cabanas, swimming pools, and the exotic tropical edge is perfect to host your big day with the ability to style your way.
- The kids play zone and a stylish treehouse makes for a fantastic family-friendly venue to keep the children entertained in the pre-reception stage whilst you get your photos taken in the lush grounds.
- Two lovely alpacas are raised for love. An amazing piano, of which is the first Steinway and Sons Model D John Lennon Limited Edition can be offered for your use to set the mood if you have someone to play.
- In consideration of parking for the guests, a lot of free parking space can be provided just right beside the venue and along the street.
- This venue is truly rare with breathtaking scenery, expansive space to create your dream setting, a traditional homestead and well-equipped environment to create an unforgettable experience for your guests and lasting memories.
