# High on love

Hotel High Plains is situated in the heart of the Alpine Village of Dinner Plain against the natural backdrop of the Alpine gumtrees and outlook of the plains.

It boasts a warm and welcoming High Country charm with a cosy interior blending open fires, rock walls and exposed timber features.

In the summer months, the surrounding land is perfect for an outdoor ceremony amongst the gums - and is also a space suitable for a marquee, sperry tent or tipi installation - with the bonus of power and toilet access already on site.

Inside the gorgeous hotel you'll find 2 beautiful spaces. The Playground Function Room, ensures smaller gatherings don't lack in ambiance, featuring a fire place and rock feature walls.

The Stone's Throw Restaurant and Cobungra bar is a versatile space for seated or standing receptions for those larger wedding celebrations.
