# MEET THE *family*

Just a bit about us and the farm.

In late 2019, we embarked on a long swim from South Africa to the shores of Australia. Here, we were fortunate to stumble upon a beautiful boutique winery with a lot of potential in the foothills of the majestic Victorian high country.

Even though the first four years were challenging, we feel truly blessed with the support we have received from the local community, and we are incredibly excited to expand the range of experiences and products available on the farm. Our ultimate aim is for people to relish what we create here and leave with joy-filled memories that will last a lifetime.

You'll probably see us running around somewhere on the farm; please say hello and don't hesitate to ask if you need anything.

All the best with planning your dream wedding. We do hope you become part of our little wedding community.

Dirk & Nika

*Happy Planning!*

# ABOUT THE *farm*

**Our farm sits nestled in Beechworth, within the breathtaking High Country of Victoria. Here, we craft wines and spirits using time-honored methods, driven by our small yet dedicated team's pursuit of excellence.**

At Glenbosch, we embrace a minimalist intervention approach to winemaking. Throughout the growing season, we meticulously tend to our vines, allowing the distinct terroir of our property to weave its enchantment. With cool nights, elevated altitudes, and mineral-rich granite soils, our wines boast unique floral, fruity, and earthy notes. We uphold the traditions of old-world winemaking, ensuring that each bottle beautifully reflects the potential of the fruit we nurture.

In the realm of spirits, we hold firm to the belief that exceptional quality begins with superior fermentation. This pivotal stage is where we cater to the yeast's needs, fostering ideal conditions for crafting nuanced alcohol and flavors. Our craft distillation process places a premium on fermentation, and we've honed a method to meticulously assess and adjust our spirits' fermentation to achieve desired results.

Within our restaurant, we proudly showcase locally-sourced ingredients infused with a touch of South African flair, offering flavorful dishes served with genuine warmth. For wedding catering, we adapt to the desires of the bride and groom, whether they seek casual or upscale dining experiences. One thing remains constant: our unwavering commitment to delivering culinary excellence, fueled by a Chef's profound passion for food.
