Meet your Team

We're Patrick & Rosita, a husband & wife team, avid movie lovers 🎬 and founders of Be Mine Films.

We truly believe wedding videography should be timeless, beautiful and, most importantly, candid. Not with a camera stuck in your face the whole day. It's your wedding, not your Home & Away debut! 🤝

You focus on enjoying the day, and we'll focus on capturing those priceless moments. Our filming style is comprehensive but also non-intrusive. Whether you're camera shy or an actor by trade, we'll help you feel at ease & comfortable the whole day. When you're relaxed & feeling like yourself – that's when we'll get the best shots!

We love everything about what we do and love that we also get to do it together!

Fun Fact about us:

We were next door neighbours when we first met (yes yes that old girl next door chestnut) - Rosita's nickname in life was always Rose, then she met Patrick who's surname was Rose, and so she became Rose Rose...
