pricing info

welcome

THANKS SO MUCH FOR GETTING IN TOUCH!

We're so proud to offer for all our amazing couple a no compromise approach to capturing your wedding day. We focus on quality, discretion & keeping things as simple as possible. The result? Awesome not-boring films and amazing fun photos to look back on forever.

OUR MISSION...

With that in mind, we're here to help guide you through this wonderful part of your lives with the peace of mind that we will capture amazing memories for you with no fuss, no hassles and no worries. We're also super discreet, the day is about you, your families and friends - not big camera equipment and loads of people in your faces.

Since starting back in 2017 we've captured over 100 weddings for amazing couples. Our passion for delivering high quality films has also transformed into photography and so from July 2019 we'll also be offering a wedding photography package. Details are below but get in touch for more info and details.

Highlight edit package

Packages with a “highlight edit” where the shorter film we deliver is a chronological style without any voiceover. A great option for those who loves films without the voiceover style edit, and set to music only.

Daisy

\$2650

- 6 hours coverage
- 3-6 minute highlight edit
- 90 second social media edit
- Full length edit of ceremony & speeches
- Multiple camera angles for ceremony and speeches
- Professional audio
- 1 videographer
- Licensed music (share your films on social media without copyright violation)
- Final delivery is via online download
- 6 week turn-around

Add extra hours for \$330 per hour

Add drone for \$350**

All pricing includes 10% GST

N.B. | If you choose to have coverage begin at the ceremony we start your package timing from 30 minutes prior to the ceremony start time. This means we are able to capture establishing shots of the location and your guests arriving to add to your films.

We arrive at least 60 mins prior to your ceremony start time to ensure our setting up of equipment does not cut into your package timings.

Feature edit package

Where the shorter film we deliver is a feature style (cuts between scenes and back and forth during the day to create story telling experience) with voiceover from your speeches and ceremony.

Dahlia

\$3450

- 8 hours coverage
- 4-6 minute feature edit
- 60-90 second teaser/social media edit
- Ceremony and/or speeches edit in full
- Multiple camera angles for ceremony and speeches
- Professional audio
- 1 videographer
- Licensed music (share your films on social media without copyright violation)
- Final delivery is via online download
- 6 week turn-around

Add extra hours for \$330 per hour

Add drone for \$350**

Add second videographer - \$650
